

T.R.
BALIKESİR UNIVERSITY RECTORATE
DIRECTORATE OF INSTITUTE OF SCIENCE AND TECHNOLOGY
INTERNATIONAL GRADUATE STUDENT QUOTAS OF
INSTITUTE DEPARTMENTS FOR THE SPRING SEMESTER OF THE 2024-2025 ACADEMIC YEAR

DEPARTMENT		International		Special Admission Conditions
		Thesis MSc	PhD	
Computer and Information Engineering		3	-	To be a graduate of Computer Engineering, Information Systems Engineering, Software Engineering, Electrical-Electronics Engineering, Electronics Engineering, Electronics and Communication Engineering, Mechatronics Engineering departments.
Environmental Engineering		5	1	-
Electrical-Electronics Engineering		2	-	MSc: To be graduated from one of the Electrical, Electronics, Communication, Electrical-Electronics, Control and Automation, Computer Engineering departments. PhD: To be graduated from one of the Electrical, Electronics, Electrical-Electronics, Computer and Information Engineering departments.
Civil Engineering		2	-	To be graduated from Civil Engineering Department
Geological Engineering		1	1	To be graduated from Geological Engineering Department
Mechanical Engineering		7	3	To be a graduate of the Mechanical Engineering department.
Biology		5	4	-
Physics		9	5	To be a graduate of one of the following departments: Physics and Astronomy from the Faculty of Arts and Sciences; Physics Education, Science Education from the Faculty of Education; Physics Engineering, Electrical and Electronics Engineering, Computer Engineering, Material Engineering, or Industrial Engineering from the Faculty of Engineering.
Chemistry		11	8	MSc: To be a graduate of the departments of Chemistry, Biochemistry, Chemistry Teaching-Education, Science Teaching-Education, Chemical Engineering, Environmental Engineering, Molecular Biology and Genetics, Pharmacy, Food Engineering, Physics, Biology, Material Engineering, Mining Engineering, Polymer Engineering, Ceramic Engineering and Nanotechnology Engineering. (A scientific preparation program will be applied to graduates of other departments except for the Departments of Chemistry, Chemistry Teaching-Education, Biochemistry and Pharmacy.) PhD: To have a master's degree in Chemistry, Biochemistry and Pharmacy, Chemistry Teacher Education, Environmental Engineering, Chemical Engineering, Polymer Engineering.
Mathematics		1	-	-
Molecular Biology and Genetics		7	-	To be a graduate of one of the following departments: Molecular Biology and Genetics, Biology, Biology Education, Biochemistry, Bioengineering, Faculty of Pharmacy and Medicine, Dentistry, Molecular Biotechnology, Bioinformatics and Genetics, Genetics and Bioengineering, Genetics and Life Sciences, Agricultural Biotechnology, Chemical-Biological Engineering, Agricultural Genetic Engineering.
Computer and Educational Technologies Education		3	-	-
Mathematics and Science Education	Chemistry Education	4	3	MSc: To be a graduate of Chemistry, Science Education and Biology Education departments from the Faculty of Education, Biology, Biochemistry, Molecular Biology and Chemical Engineering departments from the Faculty of Arts and Sciences Chemistry. (A scientific preparation program will be applied to graduates of the Department of Biology Education, Biology, Molecular Biology). PhD: To have a master's degree with a thesis from one of the Faculty of Education Chemistry and Science Education programs, or the Faculty of Arts and Sciences Chemistry or Biochemistry programs.

DEPARTMENT	QUOTAS	Special Admission Conditions
International Student Occupational Health and Safety Non-Thesis Master's Degree (Second Education)	5	Having a bachelor's degree.
